Didi,

Yes, 1:30 is no problem. I am trying to leave town that night, however, so if we can pull this miracle off tomorrow it would be great.

David – would it be possible to slip your session with MM and BR to 1:30 on Wednesday? As feared, new meetings have been laid on but I am hoping we can work around them.

And did you have specific questions you wanted the Boss to be thinking about?.

Cheers, Didi
